

Covid 19 Self Declaration

As a condition of attending a club training session I have read & agreed to the following:

The safety of club members is our overriding priority, as the coronavirus pandemic continues we are monitoring the situation closely. In order to prevent the spread of the virus and reduce the risk of exposure to club members we are requiring everyone prior to taking part in any club organised training session to confirm:

'I am not experiencing any symptoms as listed on the Government website (<https://www.gov.uk/coronavirus>) directly linked to the infection Covid-19 and I am not currently required to self-isolate or quarantine; and I am permitted to train according to Government rules.

'If I start exhibiting symptoms between now and the training session, I will not attend the session.'

This information is required by the Government and if necessary will be shared to enable the NHS track and trace service to fulfil their role.
